Tools Required

Phillips Screwdriver or Power Screw Driver

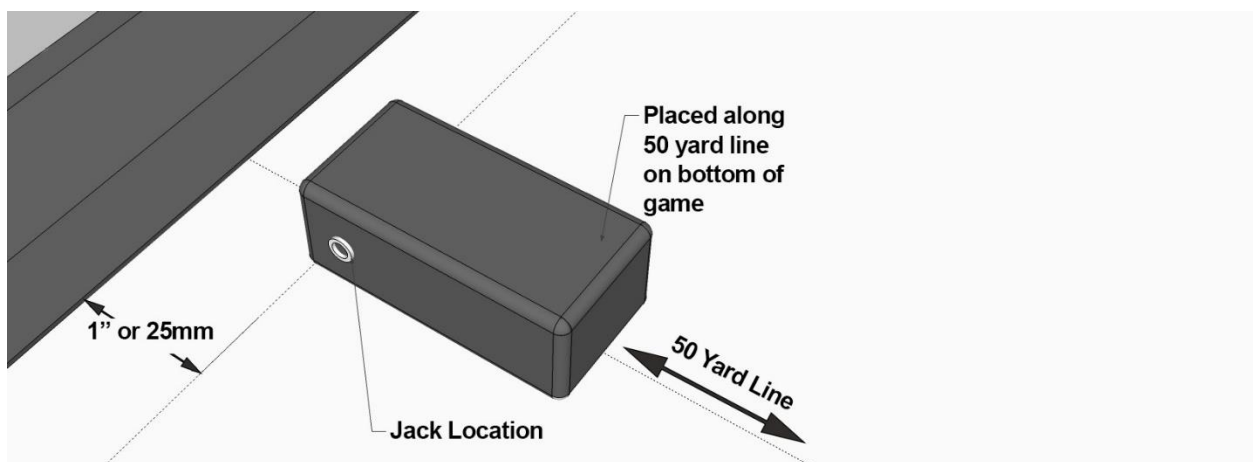

Note: Two adults are required for proper assembly. See IMAGES A, B, C on the back of this page.

Assembly Instructions

PLAYING FIELD ASSEMBLY

STEP 1: Begin by laying the playing field in its oak cabinet on its side

STEP 2: Peel and stick Motor onto underside of metal playing field at 50 yard line as shown

STEP 3: Install goal posts into holes at each end of field using round locking rings on the underside

STEP 4: Run the PlayAction Remote Control cord thru the hole in the cabinet and plug into the Motor

STEP 5: Place the Remote Control on the Playing Field surface and set PLAYING FIELD ASSEMBLY aside

TABLE ASSEMBLY

STEP 6: Attach desired Leg Set to the Table Floor Panel by turning them into the threaded holes

STEP 7: Attach Short Brace to outside of legs as shown using screws and washers into pre-drilled holes

STEP 8: Attach Long Brace to the Short Braces with screws and washers into pre-drilled holes

STEP 9: Check the TABLE ASSEMBLY for stability

FINAL ASSEMBLY

STEP 10: Place the TABLE ASSEMBLY on a level surface where you expect to play

STEP 11: Two adults should now lift the PLAYING FIELD ASSEMBLY onto the TABLE ASSEMBLY

STEP 12: Check that the PLAYING FIELD ASSEMBLY is seated properly on top of the TABLE ASSEMBLY
